

## HOW TO PREPARE A DONOR FOR EYE RECOVERY

STEP 1: Report death to Iowa Donor Network (IDN) at their 24-hour referral line:

**800-831-4131**

STEP 2: IDN will evaluate for donor registry status and medical suitability.

STEP 3: Prepare the donor for eye recovery.

- Elevate head.
- Place sterile saline into eyes and close lids.
- Enclose chipped ice in a damp washcloth and place over eyelids, OR place ice pack over eyelids.
- Make sure eye donation is documented in medical chart.
